

At Work

THE GLOBAL GOALS
For Sustainable Development

- Align your business with the Global Goals strategically, operationally and practically
- Reduce energy, paper, waste and water
- Find out more about other good businesses through [Global Compact](#) and [B-Corp](#)
- Incorporate a low-tox environment with personal plants, fans instead of AC, meditate
- Create a Teaspoons of Change list for all the small but significant actions - [The Teaspoons](#)
- Aim to be a low or no waste office - reusable cups, take-out containers and cutlery
- Ethically sourced clothing for yourself and the business - Fairtrade, slavery-free brands
- Better office materials - high quality to last longer, soy-based ink, buy cheap - buy twice!
