

# At School

**THE GLOBAL GOALS**  
For Sustainable Development

- Go to [World's Largest Lesson](#) & participate!
- Ensure all classes, lessons & subjects integrate global perspectives and the Global Goals
- Reduce waste, water and energy - lights, A/C, heating, paper use, food compost, less water...
- Learn more and take action with good people doing good things through campaigns & events
- Make ethical and sustainable choices - school uniforms, printing, sport equipment, etc.
- Encourage student and teacher-lead ideas and activities, support them and integrate them
- Share good ideas & adopt across entire school
- Recognise social good and sustainability as we do academics, arts and sports in schools
- Connect with community to create BIG change
